**WinCare**   
Integrated Clinical & Financial Software

Long-Term Care  
Software that's easy!

## Software that's easy to use...

### WinCare

Our primary focus is the development of an easy-to-use software program for the non-technical user to be able to easily manage all medical and financial records associated with a long-term care facility.

## Integrated Management Software

### Clinical Software Package

Documents all clinical information easily, providing resident information to those who need it. Staff can easily add notes to explain items on the facility's key reports.

### Financial Suite

Integrates seamlessly with Clinical Application. The Accounts Receivable Billing Module is census driven and has been specifically developed for long-term care adaptation.

### Add-On Modules

Add-on modules for the clinical program include: MPAF, Swing Bed, Pre-Screening, IRF, Pressure Sore Risk, Behavior Monitoring and Dietary Tray Cards.

It's not only about  
**SOFTWARE**  
It's about  
**SUPPORT!**

## WinCare Support

At WinCare we believe that it doesn't end with great software, great support completes the package.

We include several support services for our software users to ensure that you get the most out of your investment. These services include **Round-The-Clock** toll-free support, free updates and more.

In addition to our support, we offer training, either on site or at our corporate headquarters.

Please contact us for more details.
